[about us]

Located in a 1900's family feedstore, our [farmacy] team will honor the buildings charm through our experimental cuisine, hand selected wine list from our in house sommelier, curated craft cocktails and our delicately chosen draft list to tantalize the taste buds.

We intend to be the community watering hole for wine, beer or cocktail drinkers all under the same roof. No longer will your group have to negotiate where to go to meet everyone's needs, we have done that for you!

Our shabby chic home will provide a bar to belly up to for a drink, seating for casual dining as well as a chef selection counter right at our kitchen.

Regardless if you prefer the interaction with the chefs as they select their favorites for you or if you want to order ala carte from the menu, we think you will find our dedication to our farmers and produce will be evident.
